LONG-TERM  
UV RESISTANCE

ICS is 100% New Zealand owned and operated. We are committed to delivering choice, innovation, and cost-effectiveness to the New Zealand electrical industry.

ICS Flexible Conduit offers a high-quality solution for electrical installations, combining durability, flexibility, and long-term UV resistance across the entire range. Available in Heavy Duty (HD) and Medium Duty (MD) options in both orange and grey, the range covers 20mm, 25mm, 32mm, 40mm, and 50mm sizes to suit various applications.

Manufactured to New Zealand standards (AS/NZS 5033) with premium materials and rigorous quality control, ICS Flexible Conduit ensures dependable performance in diverse environments across commercial, industrial, and residential projects.
